

SNAMP THIRD QUARTERLY MEETING

AGENDA

DATE: February 26, 2008

LOCATION: Merced Tri-College Center at Merced College, Merced CA

PUBLIC UPDATE Q3 (1:00 – 4:00 PM)

1. Science Team Presentations 1:00 – 2:00

Work plan updates from science teams. John will present revised USFS-UCST timeline during PIM presentation. PPT will present request for budget augmentation during PPT presentation.

2. Introduce SNAMP MOUP Core Support Team and discussion of long-term funding strategy 2:00 – 2:30

Mike Chapel will identify members and purpose of support team. Group discussion of action plan to secure grant funding for long-term.

Desired Outcome:

- 1) To understand the current support strategy for the core support team and plans to secure future support. Who is responsible for what by when?
- 2) How might the UCST and/or key public partners understand and support this plan?
- 3) Develop clear goals and associated action plan to secure funding.

Break 2:30-2:45

3. Update from Feb 20th Meeting – Support for Adaptive Management Framework 2:45 – 3:15 (Kim)

Desired Outcome: To understand the emerging role of this working group as a core part of Adaptive Management – reviewing the information related to AM and developing process to integrate the public in identifying potential triggers and thresholds based on new information.

4. Scheduling 2007 public meetings, workshops and field trips 3:15 – 3:45 (All)

Desired Outcome: To review the proposed timeline for next set of quarterly meetings, as well as any/all public meetings, workshops or events planned to support SNAMP in order to seek public input and maximize public participation in future events.

5. Meeting evaluation – Wrap up 3:45 – 4:00
